

Online Risk & Patient Safety Education Program

Texas Hospital Insurance Exchange has partnered with Med-IQ to provide you with an accredited online healthcare risk management and patient safety education program.

Program Requirements

Complete 4 courses on the “to do” tab before your policy year ends.

There are state specific courses on the “supplemental” tab you can complete that help satisfy state specific requirements for relicensure.

In advance of being able to launch your assigned courses, you will be presented with a brief assessment designed to measure existing knowledge of the risk management and patient safety principles addressed in your Med-IQ curriculum.

Contact Your Risk Management Department
